

"cctv is not enough.
we make it work for you!"

GAUTAM D. GORADIA
CEO & M.D.

today, cctv is 'fit and forget'
we make it 'work' for you to achieve optimal benefits and better roi

we help you easily achieve these valuable outcomes*
through visual control and continuous improvement

- crime, loss and fraud prevention, faster solving of crime
- enhancement of compliance, processes, health and safety
- improvement of staff performance, customer satisfaction, and sales
- improvement of operational efficiency and reduced wastage
- gaining better situational awareness, and actionable intelligence

we solve so many of your pain points

- we make it easy for you to 'see' what the cameras 'saw'
- we make it easy for you to report and share with ease
- we help you create data redundancy with huge storage savings
- we make it easy for you gain business intelligence from standardized reports
- we help you take corrective and preventive action based on historical data

introducing com-sur

the world's only cctv video footage auditing, smart backup, and intelligent reporting software

com-sur is the 'missing' piece, and a magical workflow for
cctv/video surveillance!

we make it frictionless for you

- com-sur works with existing cctv cameras and video management systems
- com-sur works with live and recorded video from any video source; cctv, body worn, drones, uavs, mobiles...

we help you audit cctv video footage daily as a sop,
backup smartly, and standardize reporting;
so that you can benefit

let the next few slides explain the benefits you can achieve*
by carrying out the above activities...

continuous auditing = continuous improvement

continuous corrective and preventive action delivers
optimal outcomes from cctv over a period of time

enhanced
safety

people, assets, brand

enhanced
prevention

fraud, loss, crime

enhanced
compliance

processes, health and safety

improved

how does com-sur work?

- install com-sur on a pc
- get live video feed from multiple cameras on the pc from any camera/dvr/nvr/vms
- get com-sur to take screenshots at every one second
- get com-sur to save screenshots at your remote locations
- audit hours of video footage from multiple cameras in minutes
- let com-sur help you discover the 'unknown'

we help you take meaningful next steps

- create standardized reports in word/ppt
- gain business intelligence
- tag for future search
- share with ease

we make your integration with these
superb technologies so effortless

Above services are subject to their respective terms. No Com-Sur affiliation. Conditions Apply.

we bring huge benefits to police/law enforcement/defence

we make mundane tasks so easy, and reduce burden through crowd-sourced surveillance and community policing

http://www.comsur.biz/com-sur_for_the_police-lea-def.pdf

we help you make better use of cctv
in areas beyond crime

- agriculture
- forests
- climate change
- space
- marine life
- etc...

actionable intelligence is needed everywhere

we recommend a standard global signage
with a single powerful message

“we check cctv everyday”

make this the new global standard message

whatever be your business
com-sur can help you

a-z

whether you have thousands of cameras at an airport,
or a few cameras at a zoo, com-sur will help you...
airports, banks, casinos, defence, educational institutions, factories,
governments, hotels, hospitals, jewellers, the list is endless...
