COM-SUR™ EMPOWERS PEOPLE TO ACHIEVE
OPTIMAL OUTCOMES FROM SURVEILLANCE VIDEO,
LEADING TO A SAFER WORLD.

JUST 2 SIMPLE STEPS

1. ACCESS **COM-SUR** THROUGH YOUR PREFERRED VIDEO CONFERENCING TOOL'S **SCREEN SHARE** FEATURE, AND INVITE OTHERS.
2. AUDIT **HOURS** OF VIDEO FOOTAGE IN **MINUTES**, OR **INVESTIGATE** AN INCIDENT. COLLABORATE WITH OTHERS ON THE CALL. CREATE EXCEPTIONAL **REPORTS** IN POWERPOINT **AND** WORD.

To Audit the Images, use one of the many ways. The 'Glider Mechanism' - [CTRL + G] is the Quickest way. Tooltips on each of the other Buttons explain what they offer. The 'Magnify Area' [CTRL + I] and the 'Highlight Box' [CTRL + H] lets you concentrate on Specific Areas. Exposure, Filters, Clip-arts, and Flags will enhance your experience. Zoom in/out using the Mouse wheel or Up/Down keys. To Pan, hold the left Mouse button and drag. Right click on an Image for more Options. The Lower Slider modifies the speed. Use the Space Bar to Pause/Continue. Shift/Ctrl + Q help create a Video.

Clip-art

Drag a Clip-art.

Zoom In/out using the Mouse wheel or Up/Down keys. To Pan, hold the left Mouse button and drag. Right click on an Image for more Options. The Lower Slider modifies the speed. Use the Space Bar to Pause/Continue. Shift/Ctrl + Q help create a Video.

The screenshot displays the COM-SUR's Forensic Filters software interface. A central video analysis window shows a red-tinted scene with multiple camera feeds labeled CAM 7, CAM 10, CAM 9, CAM 12, and CAM 14. Overlaid on this is a 'Tint' dialog box with instructions: 'To carry out a better analysis of the Images, select the appropriate Color Tint. You can select any Basic Color by clicking on it in the section provided, or a Custom Color by clicking the relevant area in the Color Wheel. Drag the Color Slider accordingly to choose the desired Shade of the Selected Color. Click Add to build a list of Custom Colors.' The dialog includes a 'Basic Colors' grid, a 'Custom Colors' grid, a color wheel, and a 'Color Slider'. To the left, a 'Clip-art' panel shows a red rectangle with arrows and a metadata panel displays '14:13:06', '13-Jul-2016', and '# 1 / 1000'. On the right, an 'Exp. And Filters' panel has sliders for brightness and contrast, and radio buttons for 'Original', 'Invert', 'Heatmap', and 'Grayscale'. Below it, a 'More Options' panel contains various icons for image manipulation. The bottom of the interface features a 'Fine-Tune Slider', a toolbar with icons for zoom, pan, and other functions, and a status bar showing 'Image # 1 / 1000 Created On: 13-Jul-2016 - 14:13:06'. A system clock in the bottom right corner shows '14 July 2020 Tuesday'.
